

The Secrecy of the Family Courts should be lifted NOW!

Online Petition published on May 20, 2011 – in support of street efforts

Background (Preamble):

This petition was started by Jane Davies in the streets of Carmarthen and published on [Unity - Injustice](#). It is an expression of campaigning efforts by many individuals, organisations and [John Hemming](#) as the first and foremost MP.

"Lifting secrecy" implies not issuing 'injunction', 'reporting restriction' or 'gagging' orders.

By publishing this petition and [this site on behalf of Vicky Haigh](#), I hope to raise awareness online.

PS. Please note the [rally Against Child Abuse](#) on 4 June 2011 in London!

Petition:

We, the undersigned, believe that in the best interest of the Child, and because it is impossible to defend a system from accusation of bias and discrimination if it operates behind closed doors, the secrecy of Family Courts should be lifted NOW!

Comments – with reference to the number of the signatory

This list collates comments by the first 200 signers. I added categories, links and highlighted those comments that I found particularly poignant.

General Principles for an Open Society

53. Power corrupts, secrecy hides corruption, where is the accountability?

62. For transparency in any case!

74. Secret court proceedings are anathema to a free society.

98. Freedom of information for all sides is the only way the truth can be determined.

107. Such levels of extreme secrecy with the accompanying threat of imprisonment for anyone seeking even advice or help is not in the best interests of family or child nor has it any place in a democratic State.

120. Secret courts are a symptom of a fascist society and are repulsive to any free society.

136. This law is an insult to an open society and the citizens therein.

139. No more dictatorship!

165. Openness is the only way forward for society.

179. It barely needs comment, so obvious is the statement, that anything judged in our courts should be open and clear to all the people Are they not the peoples courts, is this not a democracy? The people are waking up to the hidden hand of corruption in our system. End secrecy now.

General Critique of the Judiciary

7. Repeal this secret law that says all [G-men](#) are immune from prosecution...

10. GOD willing the GB courts can be brought into line with the wishes of the people of this once great and much respected land before much blood gets spilt to obtain our God ordained natural RIGHTS. Good on you Sabine thank you.

32. The trouble with courts is they seem to think they're a law unto themselves, when in actual fact they are responsible to us the people.

37. Your system works against the founding principles of Habeas Corpus and should therefore be returned to an open and transparent courtroom as the integral corruption of the UK's social service generates suspicions that they are a front providing fodder for kiddie fiddling orphanages.

89. It's not just family courts that this cloak and dagger issue should be removed from.

97. We need the Truth! Not only about family courts but ALL courts. We need the truth about the Act of Parliament "Cesti que vie" Are you alive! We need the truth about Strawmen and persons against real live men and women! We demand the TRUTH!

102. Put an end to the dark works of [satanism](#) in our justice system & hold the judges & mps accountable for their [satanist](#) works.

108. It's time to shine some light in this particular injustice.

127. I would not like my kids snatched in the dead of night by a gang of cops and robbers without any just cause; then lied about in court about it, then lose my beloved children. This [satanic](#) system must be quickly ended before anarchy starts.

130. There can be no justice when proceedings are swathed in secrecy, no matter what 'kind' of 'court' they may profess to be. Surely, these 'family courts' are de facto and certainly not de jure. Put simply - Corporations, endov.

135. Any Institution that operates behind closed doors, in secret and not open to scrutiny is simply carrying out abuse of power. The Secrecy of Family Courts is Abuse of Power!

143. Justice must be seen for justice to be done. Secret justice hides the incompetent, enables the corrupt and empowers those of nefarious intent.

160. When there are MPs willing to testify on the families' behalf but are not allowed by secret courts, then this is a clear misuse of power and using the letter of the law to defeat the spirit of the law...

Family Courts

2. The family courts are corrupted, they are a disgrace and an affront to all decent people.
16. The secret courts and all who operate in them are corrupt.
24. The secret family court system is totally corrupt and barbaric. It is rotten to the core.
36. I believe you would have a better chance of success if you asked for the gag on parents whose children have been taken to be lifted, as all citizens should have the right to protest if wronged by the State. Like rape victims, parents should have a choice as to whether they want publicity or not as some parents might want to avoid publicity and their views should be respected.
50. The current system stinks to high heaven. If we can't protect our children what have we become?
61. Rid the world of all repugnant family court secrecy laws!
85. How can parents protect their children from corrupt governments and agencies if it's behind closed doors? Have them out in the open for all eyes to see; now that's a FAIR trial?
130. The secrecy of family courts should be lifted now!
146. It is in everybody's interest, the safety and welfare of a child. This does not need to be carried out in secrecy. Lift the Secrecy from the Family Courts.
171. Open the doors to secrecy as it is the best interests of the child and everyone else.
175. Abolish all so-called family courts and gaol the perps.

On behalf of Victims

1. Why didn't it occur to me to start this petition as soon as I was alerted to these dreadful child snatching cases? Let's hope LOTS of signatures WILL make a difference SOON! Every day passing is a day of irreparable TRAUMA for children and completely unnecessary for parents!
11. My family has been caught up in a case with our children Joshua and Jessica and it's time the truth came out about the system.
40. Google or YouTube [HOLLIE GREIG](#).
69. My own children were entered into a High Court totally without my knowledge - and I would sincerely appreciate your help.

109. Having personally experienced these [satanic](#) orientated malpractices within our court systems to my utter dismay! Therefore, I ask what percentage of judges, senior politicians, lawyers, and public authorities are deeply involved in these kiddy fiddling circles?? When these facts are exposed by the ordinary people of this once great country, then only then will true justice prevail!?

141. The [Charter for Grandchildren](#) is a family friendly charter. It does not supersede the rights of parents in any way. The intention is the authorities must look more closely at the role grandparents can play in a child's life rather than they be put into care or force adopted. This destroys a child's self esteem and renders them bitter, resentful, and unmanageable and the majority of kids in care end up as non-achievers and join gangs for that family feeling they have been forced from their family.

155. This tyranny has to stop! I can point you to a mother whose children are in danger, but the police and Social Services don't want to know...why is that? There is something fundamentally EVIL about this current process and let's be honest evil masquerades in the shadows and darkness of CLOSED COURTS. Open them up and let them be subject to the scrutiny of God given light.

162. About time all the unmarried mothers from 60s and seventies sued, they had their babies taken because they were too naive and scared to buck the system and then had to live with what they had done. It takes years to recover, within hours they were out of the doors of the mother and baby home.

178. Hey teacher, leave those kids alone! No secrecy anymore.

180. How long can you go on protecting paedophiles? When are we going to see the [Hollie Greig](#) case investigated?? The world is watching now.

191. Stop the dehumanized esoteric agenda that is designed to psychologically and emotionally abusing, deprive and debilitate our children whilst undermining our nation.

194. Children belong with their parents not with the courts. If there is a problem the situation should be judged by peers, people who know them and have gone to school with them. Their friends, those are peers not the strangers on the street.

Stop Hiding!

12. I abhor this system of secrecy. What have you got to hide? Come out from the shadows, stop hiding behind the system.

39. i believe if something is done behind closed doors it is because there is something to hide. I do not think that it benefits the children if it is behind closed doors, i feel it is immoral.

84. Stop this evil system now, yes you read correctly.

111. Truth has nothing to fear.

116. It's time to lift the veil. Ultimately the truth will surface one day and when it does, there will be hell to pay for the kidnap and abuse of our children.

154. There is no place for secrecy where human rights are concerned - especially children.

173. Children's interests are best served in openness....not secrecy lift the ban now!

Trafficking Children for Money

9. The rogue elements in the judiciary, the legal system, the police and the social services, along with certain politicians, who carry out these state kidnappings for profit of children from loving families are now starting to be exposed, along with the establishment paedophile rings that are being protected by these rogue elements in some cases (Hollie Greig scandal). Common Law must once more reign supreme - let the juries decide in future - not corrupt judges!

13. If there was not a problem in the UK with children taken by social services/CAFCASS, then WHY are there so many organisations to stop the abduction of children? We are in our thousands. It is thousands of children who need protection, because the laws are not protecting kids. The law has allowed foster and adoption agencies to set up as a business. So without the stolen kids, there are no businesses. £20.000 per child sold to foster care, £36.000 per child sold for adoption.

44. The family court is just legalised child trafficking.

88. You may notice -not many signatures from Aberdeen area - one key centre for covering up **kiddy fiddling**, especially when it is done blatantly within our well (monied) protected law fraternity; and extending well into Westminster (could it also include 5% of our judges?)? There you have it.....

118. We, the people, demand an equal and just society, based upon equal and just laws and legal processes. In order to achieve this we MUST have transparency in all judicial and corporate matters. We must instate processes where no corruption, misrepresentation, or misinterpretation of facts can occur. The law must be changed to stop all secret processes and full accountability must be shown. Stop the unlawful kidnapping of children and the conspiracy to miscarry justice in this way.

151. It is time to end the system where money is made from the Welfare of Children. This is nothing less than White Slavery!

161. No child is safe in this corner of Wales where this petition started. Child / baby snatching by the state is pandemic. The HM Partnership that reign supreme within this multi £m industry is out of control. The bleeding of the public purse surpasses the welfare of the commodity. Commodity being the innocent child.

172. Stop kidnapping our children for adoption targets. Social workers are trained liars with no hearts or souls. They abuse the babies using the police to rip them from mother's breast. They chase you across the country, then you end up with charges of abducting your own family. They then use this against you. They get top notch barristers who ask you questions in a form you don't even understand the question, while the Judge demands you answer. The guardian repeats: well the babies are very adoptable...

In Support of the Petition

35. This is just the beginning of people speaking out!

57. Hope this works!

72. I believe that so called "family courts" should not exist.

75. The truth will out!

80. And the truth will out!

114. I am signing this petition to help end the secrecy of the family courts, so that knowledge of the horrific stealing of and abuse of children can be made available to everyone. It has to end. Soon.

185. This petition deserves the fullest backing & support from everyone as the Family courts are doing irreparable harm by using secrecy, where open disclosure is even more necessary than in any other court! The innocent suffer as a result of an insidious Agenda disguised as "care", being served to line the pockets of wolves in sheep's clothing & a monumental number of 'miscarriages of justice' where vulnerable children are ripped away in cold blood from loving parents who may have hit on hard times.

197. I believe in this effort.
